

Gebber.

We dine together
- talk.

Charming man;
dark brown eyes.

Ghana - from
Rhineland. very
narrow head. Like
South West mines;
high brow.

Tremendous
humour. very ft
personal charm.

small, with
limp.

"The S.A. defied
me just Celia by
man who has married
a petite woman."

He talks of

past days, as the
days - the days of
idealism.

Outlook

"We don't want to
log skis on export.
Of course we must
export to pay for
raw materials - but
we want to shield
towards the East -

We want to
take the people away
from towns & settle
them on the land.
To do this we must
control Baltic Nat.
why we have
the Banz & Strenger.

we must have a strong
Baltic fleet
It had to - Britain's
interest to allow
us to expand to
East.

We hope to sell
our Macht & that
the Poland will
realize that it will
be better to give back
the Corridor!

If Europe had
not been ungelutet,
we'd have had
10 wars.

Europe is
like a powder-barrel.
Unless the cause
we removed, it
will blow up.
We are just

spoken on Colonies.

The mistake of
the war days was to
concentrate on
Weltwirtschaft

Germany has
2 alternatives

Land or Sea

Army or Fleet

East or West

Europe or World

Cannot do both.

Mistake of the war
days was to try and
do both. It was a
vital mistake to build
up a fleet. We should

have concentrated
on the land. It
was a mistake to concentrate
on export. ~~The days~~
of export are
over.

Our expansion
to East need not
mean a conflict
with Russia. Poland
will be the sufferer.

Propaganda

During the war the
German propaganda
was abominable; it
was in the hearts of
people who were
bourgeois & had
no conviction

with the people. A
good propagandist
must know roots.

Hitler / Goebbels
have become / best
propagandists in the
world.

You watch
next week, we'll flood
Berlin with propaganda.

I wonder if
Goebbels takes things
seriously, or is it
more self-expression;

love of fight, arguments

Argumentation
Can imagine

him in discussions
in P. U. also.

It is too late
to build up an
international
society.

The chance
is lost &
will never
come again.

It seems
that / best way
will be to stick
out of Europe.

The League of
Nations is dead.
Hitler has killed it.

Selmer said that
a means of defense
Berlin against
attack had been
discovered & that
was why there was
no fear of consequences
of attack on Berlin.
Germans do not work
out consequences like
trud.

Rebirth of
Militarism
Germany.

Militarism

Germany
Mixture of
Sentimentality
Macht.

First:

Es wohnen auch
zwei Seelen
in meiner Brust

He grabbed
drive to station

He says: We'll

stick to power.
Wolk will
get us out,
from now on
there'll only be
Nazi Ministers

Speeches
Hitler & Goebbels
only have a few
sticky words (Stichworte)
or practically never
prepare.
Goebbels - I

prepare a speech -
10 minutes. Just
a structure - I speak
on.

"When I spoke
at Mayakovsky's
grave it was only
a minute or two
before that I thought
what I'd say. I
thought that I'd
describe his life - and
at each step - life
say - And now he lies
there - of Julius Caesar.

Feel at home
with Goebbels.
Hitler lunches

himself up a little.

Der Tebell -
film - for
Anschluss.
