Notes

Went from hotel
saw motor car crowd.
Man shouted: lottery
ticket one rouble. You
can win a motor car
or a toy car for your child
or a sports suit or a
gramophone.

The aims were
for the mechanization
of U.S.S.R.

for motorization of
the Red Army.

I asked whether
I could become property
of one man, of course.
You see that Comrade
Charamov has just

Notes

one that. It will be his
property. "But isn't that against
your principles."

"No, it is better to
win in a lottery than
to buy."

G.G. "But a lazy man
won't win."

The crowds do not
look especially down

and most galoshes.

Warming friend. Be careful when
you go today. It's terrible. They're strict

Came out, another
beggar a peasant with
boy. "Please give me
something to get bread
for my son. We've come
up all the way from
Ukraine. It's terrible here.
No bread. They are starving.
So we came up North
to get bread in the town."

In Today's "Kavkaz"
Journal!

Statement by DGPU.
"Recently the organs
of OGPU have discovered
& liquidated a wreck
organisation in the
People's ^{Republic} Commercial
& State Farm Comm, mainly
in / against districts of
Ukraine, N. Caucas & White
Russia.

Most of the party men
were civil servants from
bourgeois & labouring
families. Most of arrested

men confessed their guilt.
Their actions were as

follows:

1) smashing of tractors.

2) burning of tractor

stations & of flour
factories.

3) stealing of grain
reserves.

4) destruction
of sowing

5) destruction of
cattle.

The evidence
showed that the activities
of arrested men had
as their aim the
ruining of agriculture &

the creation of famine
in the country!
