9. Yes, we have developed new resources -
Russia, Siberia.
No statistics yet on production of nickel. A few thousand tons. One excellent new factory in the Ural. One factory is being built in

Siberia.

One works & other will start working this year.

The French build the one in the Ural.

We have one in Ural & Siberia & in N. Kazakhstan.

Wulf, like Gold, has no material published on it. No exact figures published.

10. Platinum

No statistics
about plat. like
ruble a fold.

None published.

Now price is bad.
